"The History of Mathematics – from Antiquity to Newton"

Dr. Lee Keener

Dept. of Mathematics & Statistics University of Northern British Columbia

Tuesday March 31, 2015

1:00 pm - 2:00 pm

Room: 7-150

Everyone welcome!

This talk will provide a brief overview of some of the more important developments in mathematics up to the time of Newton and Leibniz. Most of the talk will be understandable to the general public. A few topics require a familiarity with basic calculus ideas.
