

Public Presentation – Terrace Campus

September 28th, 2016 12:00 pm – 1:00 pm

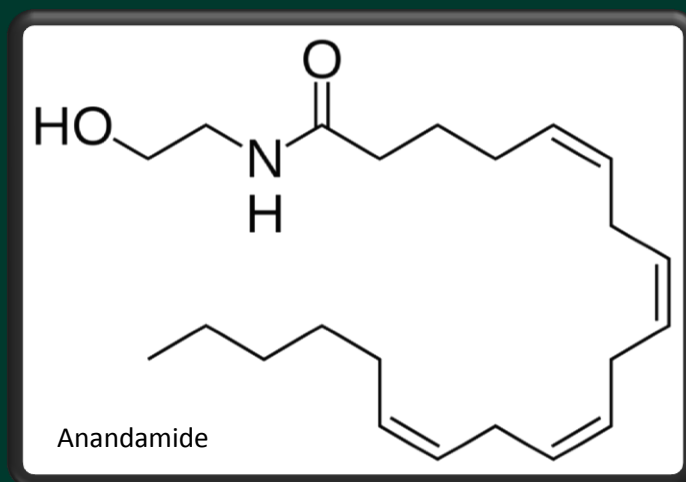

This session will also be available via livestream: <http://original.livestream.com/unbcnorthwest>

THE IRRATIONAL USE OF MEDICAL MARIJUANA IN CANADA

Presenter: John Krisinger, Ph.D.

Departments of Nursing & Biology, Northwest Community College

The presentation takes a look at the actual science of the endogenous cannabinoid system, the view of the issue from the standpoint of the medical profession and the public perception and reality of medical marijuana use in Canada.

Cannabis Sativa
