

Objectives & Activities

- 1) Provide information on prerequisites, course planning, admissions procedures, and preview of medical curriculum and post-graduate programs;
- 2) Lower apprehension about attending a medical program within a university setting;
- 3) Provide information on the availability of various student support services for Aboriginal medical students such as academic, personal and financial support;
- 4) Provide exercises on Medical College Admissions Test (MCAT) preparation, and mock interviews;
- 5) Speakers and presenters will include members from the Faculty of Medicine and other UBC programs.

Cost

There is no cost to attending the workshop. The workshop will cover accommodations & meals. Travel to/from the workshop will be the student's responsibility.

Who should attend?

Aboriginal premedical students attending or who will be attending post-secondary institutions should attend. Grade 11 students going into Grade 12 and recent Grade 12 graduates are welcome to apply. Aboriginal ancestry includes Status & non-Status Indians or Treaty, Métis & Inuit peoples.

Your Application

Please send your most recent transcripts, and copy of proof of ancestry such as status, treaty and Métis membership cards. We also accept written letters of support from your Band, Inuit and Métis organizations. Space is limited to 15 spots so send in your application as soon as possible.

Aboriginals Preadmissions Workshop 2017

The Faculty of Medicine at the University of British Columbia in Vancouver, BC is pleased to announce it will be hosting its 14th Annual pre-admissions workshop for Aboriginal premedical students. The workshop, "**Aboriginals Pre-Admissions Workshop, July 19-21, 2017**" will take place at the Northern Medical Program located on the University of Northern British Columbia campus in Prince George, BC.

Dr Donald Rix Northern Health Sciences Centre UNBC Campus, Prince George, BC.

The purpose of the workshop is to provide Aboriginal students with the necessary tools to be successful in their application process into and completing the undergraduate MD program. The presentations for the workshop will be given by faculty/staff, medical students and residents.
