Emergency Preparedness for Terrace and Area

Presenter: Dave Jephson (Deputy Fire Chief, City of Terrace)

With a second summer of wildfire evacuations, and a history of flooding and nearby landslides, there is a great deal of public interested in emergency preparedness and planning in Terrace. From the City's Emergency Planning website, it is clear that there are many natural disasters, disruptions and scenarios that need to be considered. This presentation will outline some of the plans and contingencies in place for our city and its citizens.
