

# HEALTH RESEARCH INSTITUTE SEMINAR SERIES

OCTOBER 10TH, 2019 2:00PM - 4:00PM | UNBC 7-152

Travis Holyk, Executive Director of Research, Primary Care and Strategic  
Services at Carrier Sekani Family Services

"Sux Ganah (my words): A story of engaging in Indigenous Health Research"

Dr. Travis Holyk has been involved in Indigenous health and social research for over 20 years. This presentation will weave together personal experiences of research with Carrier and Sekani First Nations communities, focusing on the importance of relationships as a methodology. Specifically, he will highlight efforts in suicide and COPD research as best practices in study design and project outcomes.
