Please note:

Applicants to the BEd Secondary program should recognize that the credit levels for teachable subjects meet the British Columbia Ministry of Education, Teacher Certification Branch, accreditation requirements and may not be equivalent to the formal requirements for a UNBC major or minor. Applicants should refer to the appropriate section of the UNBC Undergraduate Calendar in order to ensure that they are meeting all of the coursework required to successfully complete UNBC degree requirements.

All required coursework must be completed by August 15, prior to commencement in the BEd Secondary Years stream.

Admission to the BEd Secondary Years program has limited enrolment and is competitive; satisfying the minimum admission requirements does not guarantee admission.

⁴ Coursework in the areas of Canadian Studies, Cultural Studies, Asian Studies, Gender and Women's Studies, Indigenous Studies, Religious Studies (of a non-doctrinal nature), Classical Studies, Urban Studies, or Environmental Sciences may be considered provided an examination of the course syllabi reveals such a relationship. Approval must be sought from both the British Columbia Ministry of Education, Teacher Certification Branch, and the UNBC School of Education.
