

## Program Planning Guide

Bachelor of Arts: Economics

**YOUR COURSE PLANNING:** This worksheet has been created as a guide for admitted students. Note that your course planning may look different than another student; this worksheet has been designed for students wishing to complete their program within a four-year timeline. Students may elect to take part-time studies or a reduced course load. Refer to the [Undergraduate Academic Regulations](#) within the Undergraduate Calendar for more information.

For requirements that have a “pick list” (i.e. *choose one of*) please visit the Undergraduate Calendar to see a detailed list. Note the list or requirements may change, so please ensure you follow the appropriate requirements (the [2021-2022 Undergraduate Calendar](#)). After July 1, 2021, you can find the calendar in a [PDF format](#).

**NOTE:** Although every attempt has been made to ensure the information on this worksheet is accurate, in the case of any discrepancy the Academic Calendar shall be considered the authority. This program planning worksheet is an unofficial planning tool for students new to UNBC and for students in a non-competitive entry program. Once your program has been declared, please use your degree evaluation as it is the official degree program-tracking document. You can find more information about your degree evaluation and how to run one at [unbc.ca/advising](http://unbc.ca/advising).

- Students should consult with the Undergraduate Calendar for course descriptions and pre/co-requisites.
- Students wishing to take additional math courses should take MATH 100 and MATH 220.
- Students wishing to pursue graduate studies in Economics are strongly advised to take ECON 320 and ECON 451.
- Students wishing to pursue graduate studies in Development Economics at UNBC should speak with Student Advising on suggested UD Economics courses to take as some 400 level courses are precluded with courses in the MA Development Economics Program.
