## Course Notes

- These courses need not necessarily be taken in the sequence as indicated.
- Students should consult with the Undergraduate Calendar for course descriptions and pre/co-requisites.
- As a part of the elective requirements, students must take 24 credit hours in any subject at the 300/400 levels (signified by UD elective).
- Students may elect to take a minor. To see available minors, please feel free to check out a [Declaration of Minor form](#) or look in the Program pages of the [Undergraduate Calendar](#). Minors are a structured way to use your electives while also completing a secondary concentration.
- Students are encouraged to consider taking a field school. Past field schools have been held in Canada and across the world, including Guatemala, Peru, South Africa, and Death Valley. Interested? Check out the [Geography Field Schools](#) to view more information about past and upcoming field schools.
