

Program Planning Guide

Bachelor of Science: Environmental Science

YOUR COURSE PLANNING: This worksheet has been created as a guide for admitted students. Note that your course planning may look different than another student; this worksheet has been designed for students wishing to complete their program within a four-year timeline. Students may elect to take part-time studies or a reduced course load. Refer to the [Undergraduate Academic Regulations](#) within the Undergraduate Calendar for more information.

For requirements that have a “pick list” (i.e. *choose one of*) please visit the Undergraduate Calendar to see a detailed list. Note the list or requirements may change, so please ensure you follow the appropriate requirements (the [2021-2022 Undergraduate Calendar](#)). After July 1, 2021, you can find the calendar in a [PDF format](#).

BREADTH REQUIREMENT: As a part of this program, students will have satisfied their Natural Sciences breadth requirement (with the required BIOL courses), the Physical Sciences requirements (with the required MATH, PHYS or STAT courses) and Social Sciences (with the required ENPL courses). It is recommended for the Arts & Humanities quadrant, that students take ENGL 170: *Writing and Communication Skills*. Please review the [breadth requirements](#) to ensure the appropriate requirements are satisfied.

UNDERGRADUATE CALENDAR: It is the student’s responsibility to be aware of all University of Northern British Columbia [Undergraduate Calendar](#) regulations. Academic regulations, program information, course information, and pre-requisites can be found in this document.

EFFECTIVE SEPTEMBER 2021

NOTE: Although every attempt has been made to ensure the information on this worksheet is accurate, in the case of any discrepancy the Academic Calendar shall be considered the authority. This program planning worksheet is an unofficial planning tool for students new to UNBC and for students in a non-competitive entry program. Once your program has been declared, please use your degree evaluation as it is the official degree program-tracking document. You can find more information about your degree evaluation and how to run one at unbc.ca/advising.

Course Notes

- Students should consult with the Undergraduate Calendar for course descriptions and pre/co-requisites.
- Students wishing to take ENSC 250 should note that STAT 240 should be taken in Year 2-Fall.
- Students need to declare a Minor as part of the degree requirements. This is indicated as Elective and/or Minor in the sample scheduling plan.
- If considering taking ENSC 440: *Internship* or ENSC 499 *Independent Study*, please consult with the [Program Handbook](#) for more information.
- Some courses in this list are offered in alternating years; please schedule accordingly.
- The degree has been designed in part to address educational components of the National Occupational Standards (NOS) for Environmental Employment set out by [Environmental Careers Organization \(ECO Canada\)](#).
- Students wishing to become a Professional Geoscientist should consult with the requirements listed on [Engineers and Geoscientists of British Columbia](#) and the self-evaluation checklist.

Advisor Notes

STUDENT ADVISING: Is available by phone, email, or in person. To book an appointment, or to see when drop-ins are scheduled, please contact advising@unbc.ca or call 250.960.6306.

DEGREE EVALUATIONS: The [Degree Evaluation](#) is an interpretation of the Undergraduate Calendar for the year that you were admitted and helps display the requirements needed for your program.

DOUBLE MAJORS: Students who are considering to double major should speak with their Student Advisor as soon as possible.

HONOURS: Students can apply for Honours after completing 60 credit hours of study with a minimum GPA of 3.33. Honours students are expected to complete a thesis in place of ENSC 440-3/499-3. Note, attaining the minimum GPA does not guarantee entry into the Honours Program; entry into the Honours program is at the discretion of the Department.

RESIDENCY REQUIREMENT: Students must complete a minimum of 30 credit hours of upper division UNBC course work to receive a UNBC degree.

TIME LIMIT: Except by permission of the Dean, students must complete their undergraduate degree program within 15 years of their first semester of registration.
