

Join Our Team of Portfolio Coaches and Make a Difference in Medical Education

We are excited to introduce you to The Portfolio, a program designed to help medical students develop the skills, attitudes, and values they need to become successful, lifelong learners in the field of medicine.

As a Portfolio Coach, you will play a vital role in supporting medical students (group of 8 students per coach for 2 or 4 years) as they explore a variety of content areas (Professionalism, Communication, Diversity and Equity, and Transition to Clinical Learning).

We are looking for individuals who are passionate about education and who have a strong desire to help shape the future of medicine by nurturing the next generation of healthcare leaders.

As a Portfolio Coach, you will have the opportunity to work with students from diverse backgrounds, engage in meaningful discussions, and support their growth and development as they pursue their careers in medicine.

Time commitment per year:

3-4 x In-Person Sessions - 1.5 hours with the student group (8), after each session additional time to give written feedback.

We believe that the connection between the personal and professional is an integral part of becoming a successful physician. As a Portfolio Coach, you will have the opportunity to support students as they navigate this important process of self-discovery. With your guidance and support, they will be able to make meaningful connections between their own lives and their future careers as physicians.

If you are interested in this opportunity, we would love to hear from you!

Please don't hesitate to reach out to us (julia.wimmers-klick@unbc.ca) with any questions or to learn more about how you can become a part of our team.
