## LITERACY FAIR January 31, 2015 Šuwilaawks Community School

"My project was about including music and singing in education, and its benefits to literacy. I included music and literacy resources for primary and elementary grades, as well as research papers as evidence to show the benefits." Cassie Dusdal, B.Ed student

My literacy fair project was called "wonderful words" and it was centered on ideas for easy ways that parents and teachers can practice words with students. I had four stations including homemade write and wipe words, wikki sticks (wax sticks which can be shaped into letters), rainbow writing (writing words over and over in different colored crayons), and magnetic letters. Lori Burger, B.Ed student
