Teaching for Sustainability Café

The 2nd Teaching for Sustainability Café took place on Tuesday December 2nd, from 1:30-3:30pm in the Doug Little lounge on the Prince George Campus. The first café brought a diversity of experience and worldviews, and highlighted the importance of an open forum to discuss what sustainability entails for teaching at UNBC.

This second café was facilitated by Dr. Alex Lautensach, a UNBC professor who has researched and published on teaching for sustainability. Participants enjoyed a lively discussion about cross-curricular learning outcomes for sustainability, teaching methods, values and attitudes, critical thinking skills, human security and helpful literature. Thanks go to Kyrke Gaudreau, UNBC Sustainability Manager, for organizing the event. We hope to follow up in 2015 with a larger event of this kind.

Alex Lautensach, B.Ed Faculty
