PUBLICATIONS

- ◆ **Hanlon, N and Halseth, G**, 2005, The greying of resource communities in northern British Columbia: implications for health care delivery in already under-serviced communities. *The Canadian Geographer* 49(1): 1-24.
- ◆ **Persaud, D.D., Jriege, S., Skedgel, C., Findley, J., Sargeant, J. and Hanlon, N.**, 2005, An incremental cost analysis of telehealth in Nova Scotia from a societal perspective. *Journal of Telemedicine & Telecare* 11(2): 77-84.

TRAVEL

- ◆ **Oscar Garcia** is travelling April 4-12 to Edinburgh for the IUFRO Conference "Sustainable forestry in theory and practice: recent advances in inventory and monitoring, statistics and modelling, information and knowledge management and policy science" . <http://www.iufro-edinburgh.org.uk/>
- ◆ **Kathy Lewis** gave an invited presentation at the Western Forest Insect Work Conference in Victoria on March 31. The panel was on "Emerging Technologies in Forest Entomology" and her presentation was entitled "From Pulaski to PCR – Tools of the trade in forest pathology".

- ◆ Greg Smith and Tim Cudmore, M.Sc. candidates supervised by **Staffan Lindgren**, attended the Western Forest Insect Work Conference in Victoria, BC March 29 - April 1. Greg gave a presentation on his research in a student workshop. Kathy Bleiker, a graduate of the UNBC M.Sc. NRES program (supervised by Staffan Lindgren) gave a presentation as the recipient of the WFIWC Graduate Scholarship on her current PhD research on blue-stain fungi of the mountain pine beetle. Kathy is a PhD candidate at the University of Montana.

REMINDER: Share your information about recent publications, grants, and /or other honours you may have received with others interested in NRES issues.
